Attorneys Pick Eight Jurors

Rest Stop's Goal Is Safe Driving

"The major goal of holiday rest stops both here and across the nation is to cut down on traffic accidents during the holidays," said Wayne Edmondson, president of the Canyon Junior Chamber of Commerce.

The Canyon Jaycees will maintain a "rest stop" for holiday motorists throughout Labor Day, Sept. 5, according to Don Fatout, chairman.

Location of the rest stop will be north of Canyon on the

Amarillo-Canyon expressway, near the college farm. This year, the Jaycees and Jaycee-Ettes will operate from a 40 foot mobile home which is being furnished by Palo Duro Trailer Sales of Amarillo.

Motorists and their families will be served tea, coffee, and assorted cookies, free of charge from 8 a.m. Labor Day until 8 a.m. the morning of Sept. 6 according to Fatout.

Members of both local civic clubs will work around the clock stopping motorists in an effort to prevent accidents during the holiday. Signs will be placed near the rest stop, and safety pamphlets will be given to each driver.

Fatout commented that safety hints issued to drivers will include some of the following tips and facts on safer driving for the holidays:

"Drivers should rotate behind the wheel at least every two hours on long trips."

"Restless children add to the driver's distraction and games and other amusements especially designed for car travel are suggested to occupy the young passengers."

"Night driving is more hazardous than daytime driving—especially on unfamiliar roads encountered by drivers during holiday week ends."

"Many drivers starting for a long holiday week end are thinking of the fun they're going to have at their destination, forgetting that it takes concentration just to get there safely," said Fatout.

"These rest stops which are located nationwide all have a similar purpose," said Fatout. "We just want the people to get out and stretch their legs and visit for a few minutes—perhaps it will slow them down when they get back on the road."

"We want to cut down on the number of accidents which occur each year over the Labor Day holiday," the Jaycee chairman concluded.

APPEARING NEAT in a business suit, William Bond Clifford, left, is escorted to the court house in Denton. He is on trial there this week in connection with the shooting death April 8 of his wife Carol Shirley. The officer shown here is Sheriff Wylie Barnes of Denton.

By Jim Barlow - Special Correspondent

DENTON--Eight jurors have been selected during two and one-half days of questioning in the murder trial of William Bond Clifford, 33-year-old farmer, rancher from Canyon.

Clifford is accused of the murder of his wife, Shirley, on Good Friday of this year in a La Fran apartment while three of their four children looked on.

Selection of the eighth juror, Clifford Jones, a welder at a local factory, came at 3:15 p.m. Wednesday.

Two jurors were chosen Wednesday morning, two were named Tuesday and three were selected Monday. Named Wednesday were W.F. Williams a Denton electrical contractor, and Roger Tidwell, a Denton County truck driver.

As of noon Wednesday, the defense had used three peremptory challenges and the prosecution had used one. Defense and prosecution are allowed 15 challenges when determining prospective jurors.

The case is being heard in the 16th District Court of Judge W. C. Boyd, Jr. It was moved on a change of venue from the 47th District Court in Randall County.

George Dowlen, Randall County District Attorney, estimated the state's testimony will take one and one-half days. Defense attorneys Shuford Farmer of Waco and Jack Gray of Denton have not indicated how long defense testimony will take, but have indicated that 25 witnesses have been subpoenaed by the defense.

When asked if Clifford was going to testify, Gray refused to answer. His only comment was, "We'll put on our testimony when the time comes."

Of the 199 member special venire called for the trial, 100 prospective jurors were excused. On Wednesday, 28 remained to be questioned. From this 28 will come the remaining four jurors.

Judging by questioning by defense attorneys Jack Gray of Denton and Shuford Farmer of Waco, the defense will base its presentation on either a plea of not guilty by reason of temporary insanity or for a reduced charge of murder without malice.

A verdict of temporary insanity would result in Clifford walking from the courtroom a free man. A murder without malice verdict should subject the Canyon man to a two to five year sentence.

Prosecution attorneys indicated they would call Clifford's 11 and 9 year old boys to testify in the trial. The first day's questioning of jurors Monday saw only three persons selected for the jury. They were Howard Smith, a nursing home operator; Joseph W. Rowell Jr., a car salesman and Clint Enlow, a real estate salesman.

Twenty-one prospective jurors were questioned during Monday's session and almost half were disqualified because of their negative feelings on death penalty.

Also on Monday the state and defense entered into a stipulation testimony. The stipulation may eliminate the need for certain witnesses from Canyon, Amarillo, Austin and Hereford to appear in Denton to testify.

Two more jurors were chosen Tuesday out of 22 questioned. Added to the list were John H. Troeger, a retired farm equipment salesman, and Willie H. Splawn, an operator at the city-owned electric plant.

Defense Attorney Jack Gray of Denton challenged the conduct of a Canyon witness Tuesday following a mid-morning. Gray said that Bill Wilson, Canyon Justice of the Peace, was talking with prospective jurors in the hall outside the courtroom.

Gray said, "If I see that happening again, I will ask the court for a mis-trial."

Wilson said after the challenge by Gray that the only thing he had said to jurors was that he was not supposed to talk with them when they approached him. However, he was not seen in the hall during the afternoon session.

A part of the stipulation's text follows:

"W.W. Hancock would testify that he is the Justice of the Peace, Precinct 4, Randall County. And that on the morning of April 8, 1966, he was called from his office in Amarillo to 2608 5th Ave. Canyon, (See ATTORNEYS, Page 11)

FROM THE
CANYON RIM

The Amarillo Sunday News-Globe has come out for Sunday closing, by law if necessary. However, the editorial writer noted that such businesses as radio, news media and television should be exempt from such regulation.

I take note of this, not particularly to criticize, but to point out a flaw in the position taken by the Amarillo newspaper.

The Amarillo newspaper reminds me of a definition I once heard for an orator. "An orator is willing to give your life for his country."

The Amarillo paper has a good percentage of its staff on duty Sunday afternoon. They must be on duty if there is to be a Monday morning Daily News because the Monday paper actually is put together Sunday afternoon and night.

Now, when the company decides to close its newspaper sharply at midnight Saturday night, I will take seriously its stated position on Sunday closing.

Again, I say I have no criticism of the position taken. It is right for the Amarillo paper

to take a stand. I just believe it should practice what it preaches.

.....

The younger generation is used to violence. They grow up subjected to violence. We are fighting a war, for one thing, that has all the earmarks of a conflict that will make the Hundred Year War seem like a border skirmish.

I'm convinced that TV is one of the top mentors of violence. If you are inclined to differ then I would call your attention to the video menu lined up for fall.

.....

I make no bones about it. I'd like to see Lee Roy Moreland appointed postmaster upon retirement of Marion Higdon this fall.

Moreland, assistant postmaster, has had 20 years of experience. He is capable and qualified. He has been a leader in a score of community projects. I'd like to see Lee Roy get a promotion.

Telephone service in Canyon is lousy. I don't know whose to blame but if something isn't done about it pronto there's going to be even more widespread dissatisfaction.

I tried to call a West Coast number a few weeks back and it was almost impossible to talk because of the background noises.

I called the telephone company and reported the trouble. Spasmodically it is still with us. Tuesday morning I was talking to someone in Amarillo. Because, I guess, of some crossed wires, Virgil Henson, West Texas State comptroller was coming through about as plain as my Amarillo party.

The burglar left through the back door of the establishment, officers said.

Banners
To Welcome
Students

Banners welcoming West Texas State University students have been purchased by some 65 Canyon merchants.

"We are urging the merchants," said Roland Black, Chamber of Commerce manager, "to put the banners on display starting Sept. 12."

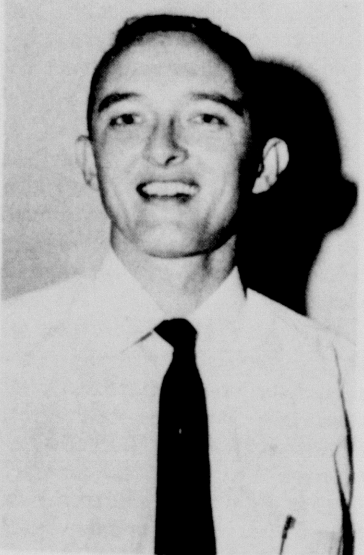

The Chamber contacted the merchants concerning the maroon and white banners that can be displayed in the fall and spring, at homecoming and other special events, Black said.

The nine foot long banners display the WTSU buffalo mascot.

Memorial
Fund Is
Set Up

A memorial student loan fund, honoring Miss Anna I. Hibbets, is being established at West Texas State University through the Opportunity Plan, Inc.

Funeral Mass for Miss Hibbets, a long-time professor at West Texas State until her retirement in 1944, will be at 4 p.m. Thursday at the Sacred Heart Cathedral in Amarillo. Miss Hibbets died last week at the age of 90.

Contributions to the fund, organized by former students and friends of Miss Hibbets may be made by mail to the Opportunity Plan, Inc., Box 215, WT Station in Canyon. Funds will be used for deserving students who plan to become elementary school teachers according to Dr. Ruth Lowes, head of the WTSU education and psychology department, and one of the fund organizers.

Others planning the fund are Miss Ida Lee Cope and Miss Louise Orr of Amarillo, Mrs. T.V. Reeves and Miss Mae Simmons of Canyon, and Charles Stewart of Claude.

Miss Hibbets served as associate professor of primary education at West Texas State from 1922 through 1944. She had been associated with the college since 1911, when she received a diploma with the first graduating class. She held degrees from George Peabody College for Teachers and also attended the University of Colorado and Teachers College of Columbia University.

A life member of the Panhandle-Plains Historical Society, Miss Hibbets made a \$5,000 gift to WTSU in 1964 to establish a "Faculty Excellence" award. The gift was matched by contributions of \$1,000 each by four Amarillo business firms.

Mrs. Taft Reynolds of Colorado visited during the week end with her sisters, Mrs. Wayne Wilcox and Mrs. Earl Miller, and their families in Canyon.

Buffs Open Fall
Training Today

Coach Joe Kerbel expects some 61 players, including 26 returning lettermen from last season's 6-4 team, to greet him here today when the West Texas State Buffaloes hold their first fall drill.

The Buffs open a rugged 10-game schedule here Sept. 17 with a revived up Arlington State Rebel team that mastered them 20-16 in 1964.

"We should have a better balanced attack this season," appraises Kerbel. "We have experienced backs returning in halfbacks Ronnie Mankin and James Cowell and fullbacks Tom Moody and Brian Deady. We also expect great things from sophomore backs Albie Owens and Eugene Morris, who should give us a breakaway threat."

Last season the Buffs averaged only 100 yards rushing a game as the attack was shaped around the strong right arm of quarterback Hank Washington.

This season Washington will again play a big role in the Buffs' offensive, but as Kerbel points out "We'll have promising breakaway threats to balance the attack."

Returning to snare Washington's aerials will be gifted veterans Ted Wheeler and Dave Szymakowski. Moving into join these two is Mike Bailey, a promising sophomore flanker with size (6-3 and 205) and speed (919).

Perhaps the biggest challenge the Buff coaching staff faces in fall drills will be rebuilding an offensive line depleted by graduation losses.

Steps were taken to insure Washington's protection in spring drills when rugged defensive tackle Bobby Duncum was shifted to offense and Doug Kriewald was switched from end to tackle.

Teaming with these transplanted veterans will be Percy Green, a guard stickout last

year.

Jaycees At
Work Forum

Representatives of the Canyon Jaycees attended an area work forum at Clarendon Sunday afternoon.

Subject of the forum was the R & R record book forms.

Attending were Guy Hamblen, Carl Miller, Weyman Brown and Jim Scott.

season, pivotman Phil Hampton and promising sophomore guard Eddie Golecki. Should this unit hold onto the starting berths they earned in the spring they will meet Arlington State with a beefy 220 pound average.

Defensively the Buffs appear crack. Nine starters return from the stingy "Unfriendly Society" that set school records for fewest yards allowed rushing both for one game and season.

Reunion
Is Held

Mrs. Maude Walters, Mrs. W. R. Franklin and Elvis Sluder, all of Canyon, attended the festivities. Relatives from Golden, Colo., Pierceville, Kan., and Tucuman, N. M. joined those from Happy, Tulia, Amarillo, Canyon and Wayside for the event.

Degrees Conferred In WT Convocation

A faculty academic procession opened convocation ceremonies for 290 graduates of West Texas State University on Thursday evening in the West Texas State Fieldhouse.

Dr. Lester E. Harrell, Jr., Assistant Commissioner of Higher Education of the Coordinating Board of the Texas College and University System was guest speaker for the occasion.

The Rev. Jack Boyett, pastor of Calvary Baptist Church gave the invocation and benediction. Assisted by Dr. Walter H.

Juniper, Dean of the University, and Dr. John B. Wilson, Dean of the graduate school, Dr. James P. Cornette, University president, conferred degrees.

Of the 290 candidates for degrees at WTSU, 30 of the students were from Canyon.

Those students included John Abernathy, Donald Kievit, DeLores Stotts, Walton Bagley, Robert Leveridge, Uva Dell Nutter, William Whitney, Antonia Acosta, Margaret Campbell, David Corley.

Nancy Evans, Lorraine Harrison, Nadene Lyles, Jerri Warren, Patsy Campbell, Sandra Morgan, Naomi Burnett, Cora Conoley, David Gates.

Jimmie Golden, Donald Guill, Ruth Lee, Ola Lyng, Ann Prichard, Doris Skiles, Richard Stamler, Sharon Stamler, Sharon Weaver, William Weaver and Larry West.

Dance Class Registration

Registration will be held Sept. 10 for modern dance classes to be taught this fall by Jane Edwards, a former dancer-actor in Paul Green's "The Lost Colony".

Registration will be conducted at 407 Taylor Lane between 9 a.m. and noon on Sept. 10 and classes will begin September 15 at the Junior Livestock Building. For further information on the classes contact Mrs. Edwards.

Mrs. Edwards has a degree in drama from the University of Hawaii and also gained background in Hawaiian dancing while in Hawaii. She was formerly a dance instructor at Averett College in Danville, Va.

DR. LESTER E. HARRELL, Jr., left, was guest speaker at WTSU convocation ceremonies on Thursday. The Rev. Jack Boyett of Calvary Baptist Church gave the invocation and benediction. Presenting degrees to 290 graduates was Dr. James P. Cornette, right, president of the University.

Cowboy Football Prospects Bright

Football prospects are bright for the Happy Cowboys in 1966. Five all-district performers from last year's 7-3 season head nine lettermen returning for Coach Ricky Mantooth.

Captains Randy Johnson and Bill Vernon will lead the Cowboys this fall.

Johnson is a senior quarterback who was an all-district fullback in 1965. Mantooth describes him as a "good passer" who picks his plays well. "Randy studies the game of football intently, and is an 'A' and 'B' student in the classroom as well," adds the coach.

Vernon, all-district last year, is a senior end.

Lloyd Rahlfs, Richard Todd, and Bob Robinson complete the all-district holdovers. Rahlfs has impressive credentials. The 215-pound senior guard was an all-district selection both offensively and defensively as a sophomore and again as a junior. As a junior he was named to the all-South Plains second team. Mantooth sees him as an all-state possibility.

Rahlfs heads up a line that averages 185 pounds per man offensively and 195 pounds per man defensively.

A standout in the forward wall is sophomore tackle Terry Wright. Wright, a nephew of former WT great Joe Fortenberry, is the beefiest man on the team at 225, but stands 6'3."

Ralph Frost has distinguished himself at defensive corner-

back and is the fastest man on the team. "No one turns the corner on him," comments Mantooth. Happy faces a tougher schedule than in 1965. In addition to meeting six of their fellow Class B teams, they clash with Silverton, Bovina, Kress, and Claude of Class A. The Cowboys are looking ahead to their opening game with the Turkey Turks on September 9th. Other highlights of the schedule are homecoming with Silverton on Sept. 23rd., and a visit to district favorite Vega on Oct. 21st.

Eagles Scrimmage Stinnett

BY JON LOW
The Canyon Eagles will invade Stinnett Friday night for a pre-season scrimmage. The Eagle-Rattler clash is slated to begin at 5:30 p.m.

Canyon got its first test of the year against Elk City, Okla. on Saturday at CHS field.

Coach Jim Greenwood was pleased with the Eagles' showing, which statistically surpassed Elk City, although no official score was kept.

Greenwood commented that he was particularly proud of his team's ability to control the ball, but added that "our defense is improved, and right now is ahead of the offense." The Eagles' goal line defense made a good showing, although it had been worked on only one day prior to the scrimmage.

Elk City's ball carriers were

stacked up at the line of scrimmage time after time by nose guard Art McNamary.

Joe Moore provided thrills on offense as he ran 80 yards for one touchdown and grabbed a 10-yard aerial on a swing pass from Sherman Smith for another score.

The Eagles led in total offense, 272 yards to 53 yards. Canyon also led in first downs, 12-5.

Looking ahead to Stinnett, Greenwood said, "They're tougher than heck." Eagle spirit is high, however, and may

spring some surprises against the Rattlers.

Collins of Bentonville, Ark., and

Court Disagrees On County Cases

A basic disagreement on the
handling of indigent cases again
came to the fore at a meeting,
Monday of Randall County Com-
mission in the Courthouse
Annex.

"I think we ought to deter-
mine what the rule is and fol-
low it in all cases," said B.
R. Jones, Commissioner of
Precinct One.

The disagreement first arose
in July when a promissory note,
in the amount of \$465 was ac-
cepted from a South Amarillo
woman who has received in-
digent assistance from the
Court in the past year.

The note, secured by a second
lien against the woman's home,
is in return for house payments
made by the court during 1965-
66. Acceptance of the note was
approved by Commissioners
Glenn Dowlen, Clarence Beck-
man and Bill Butler. Jones
went on record as abstaining.

Jones made reference to two
cases, one in which the court
has paid approximately \$1,000
for hospital bills, and another
where the Court has paid \$500
for house payments, drugs and
food. In the \$500 case, a lien
was taken against the indigent's
home. It is Jones contention
that the "rule should be the
same for both." A lien was
not taken against property in
the \$1,000 case.

Judge Lloyd King expressed
the opinion that the cases dif-
fered in that "we had directly
made house payments in only
one of the cases."

Jones replied, "It is six
of one and half-dozen of the
other if you help someone with
bills, directly or indirectly.
If you pay hospital bills then
the persons resources are free

ATTORNEYS for the Defense shown with Bill
Clifford are Shuford Farmer, left, of Waco
and Jack Gray of Denton, right. Farmer is
a noted criminal attorney and Gray is a for-
mer Denton District Judge and ex-FBI agent.

PROSECUTING for the State of Texas will be John Lawhon,
Denton County District Attorney and George Dowlen, right,
Criminal District Attorney of Randall County.

at which time he observed the
body of Shirley Clifford, and
ordered an autopsy thereon.

Judge Hancock would further
testify that he accompanied the
body of Shirley Clifford to La
Grone Funeral Home in Canyon,
and observed an autopsy per-

formed on that date by Dr.
Ralph R. Erdmann, a path-
ologist.
Judge Hancock would also
testify that he watched Dr. Erd-
mann remove several bullets,
and fragments of bullets, from
the body of Shirley Clifford,
and that Dr. Erdmann placed
these bullets, and fragments,
in a plastic container and gave
the container to Judge Hancock,
who in turn gave the plastic
container and its contents to
L.S. Johnston, sheriff of Ran-
dall County. He would then
identify the plastic container
to be marked state's exhibit
"A".

"Mrs. Susie Peters would
testify that on April 8, she was
employed by the Hereford feed
yard in Hereford, Deaf Smith
County. On that day, at ap-
proximately 10 a.m. she was
working by the scales in the
office of the feed yards when
she first saw the defendant,
William B. Clifford. After a
few minutes had elapsed, the
defendant handed her a .22
caliber pistol which she in turn
subsequently gave, on that day,
to Lowell Sharp, Sheriff of Deaf
Smith County. The gun never
having left her possession until
that time. She would then
identify the gun to be marked
state's exhibit "B".

Lowell Sharp would testify
that he is the Sheriff of Deaf
Smith County, and was so em-
ployed on the 8th day of April,
1966. On that day, he received
a .22 caliber pistol from Mrs.
Susie Peters at the Hereford
feed yards in Hereford, which
she identified as being the gun
given to her by the defendant
at approximately 10:20 a.m.

Sheriff Sharp would also
testify that he kept this gun
in his possession until the af-
ternoon of April 8, at which
time he delivered this gun to
L.S. Johnston, Sheriff Sharp
would then identify the gun to
be marked state's exhibit "B".

L.S. Johnston would testify
that he received the bullets,
and fragments of bullets, from
W.W. Hancock on April 8, and
received the above mentioned
.22 caliber pistol from Sheriff
Sharp on April 8 and kept them
in his possession until he de-
livered them to Fred Rymer
on May 15 in Austin. He would
then identify the bullets, and
fragments of bullets, and the gun
to be marked state's exhibit
"A" and "B", respectively.

Fred Rymer would testify
that he is a ballistics expert
employed by the Texas Depart-
ment of Public Safety, and that
his office and laboratory is in
Austin. He would further testify
that on May 15, L.S. Johnston
delivered to him a .22 caliber
pistol, and bullets, and frag-
ments of bullets, contained in
a plastic container, and that
he performed a ballistic test
and determined that the bullets
had been fired from the gun
given him by Sheriff Johnston.
He would then identify the bul-
lets, and fragments of bullets,
and the gun, as being the same
ones marked state's exhibit
"A" and state's exhibit "B"
and both would be introduced
into evidence."

In Denton for the trial are
Dist. Attorney George Dowlen,
Sheriff L.S. "Slim" Johnston,
Deputy Sheriff Ray Tinsley,
Justice of the Peace Bill Wil-
son and two of the Clifford
children. The children, who are
waiting to testify, are with their
grandfather, Al Sharp of Tullia.

an average of 937 for July and
1,275 for August. Every state
but one has been represented
sometime during the season
run.

Author Paul Green, who was

board meeting, estimated the
production could run for 20 or
30 years.

Approximate cost of the show
has been set at \$100,000.

"That wouldn't be fair to
existing businesses along that
street," said Commissioner H.
R. Fulton.

City dads also passed an
ordinance closing 14th St. be-
tween 1st Ave. and the Santa
Fe Railroad tracks, and deeded
the property to C.N. Cosby,
who owns property on both sides
of the dead-end street.

The city dads will sell Cosby
the property for \$1.

In an informal letter to the
council, Commissioner Fulton
requested permission to pave
the alley behind his home at
12th St. and Creekmore Drive.

A request from Jim Chris-
topher, Canyon realtor, to
straighten a utility easement
on 27th St. at 7th to 9th Ave.
was tentatively approved if the
process would not involve mov-
ing a gas line.

Gwyn also told the council
that the new trash collection
equipment was proving effective
and that it took only five hours
to collect the refuse from 46
boxes on Monday.

It had previously taken a
full day to collect the trash
from 14 boxes, he said.

With skilled mechanics and repairmen not
so freely available, more people are learning
how to make their own minor repairs. Some
are becoming amateur carpenters and painters;
even making their own furniture.

This is one of the chief reasons why we
now have many more accidents, cuts, bruises
and burns than ever before. And, if not prop-
erly cared for immediately, sometimes a serious
infection can develop.

Have you a well stocked emergency kit in
your home or automobile? We have them in

Car Found In Gully

A 1956 Chevrolet, that was partially burned, was found abandoned near Stevenson's Used Car parking lot Thursday by Randall County Sheriff's officers.

The vehicle is registered to William J. C. Murry of 3611 Patterson in Amarillo and was reported stolen two weeks ago from 700 Monroe.

Officers, who found the automobile in a 15 foot gully west of the used car lot, think there may be a connection between the theft and one that occurred last week from Stevenson's.

The Murry automobile, of-

ficers said, may have been taken from Amarillo then driven off the bluff here and exchanged for the car taken from Stevenson's.

City Hall Has Copies
